Publisher Analysis:

Outlier

Publisher Analysis:

Publisher Analysis:

Campaign Analysis:

Keyword Analysis:

Total ROA upon each Match Type

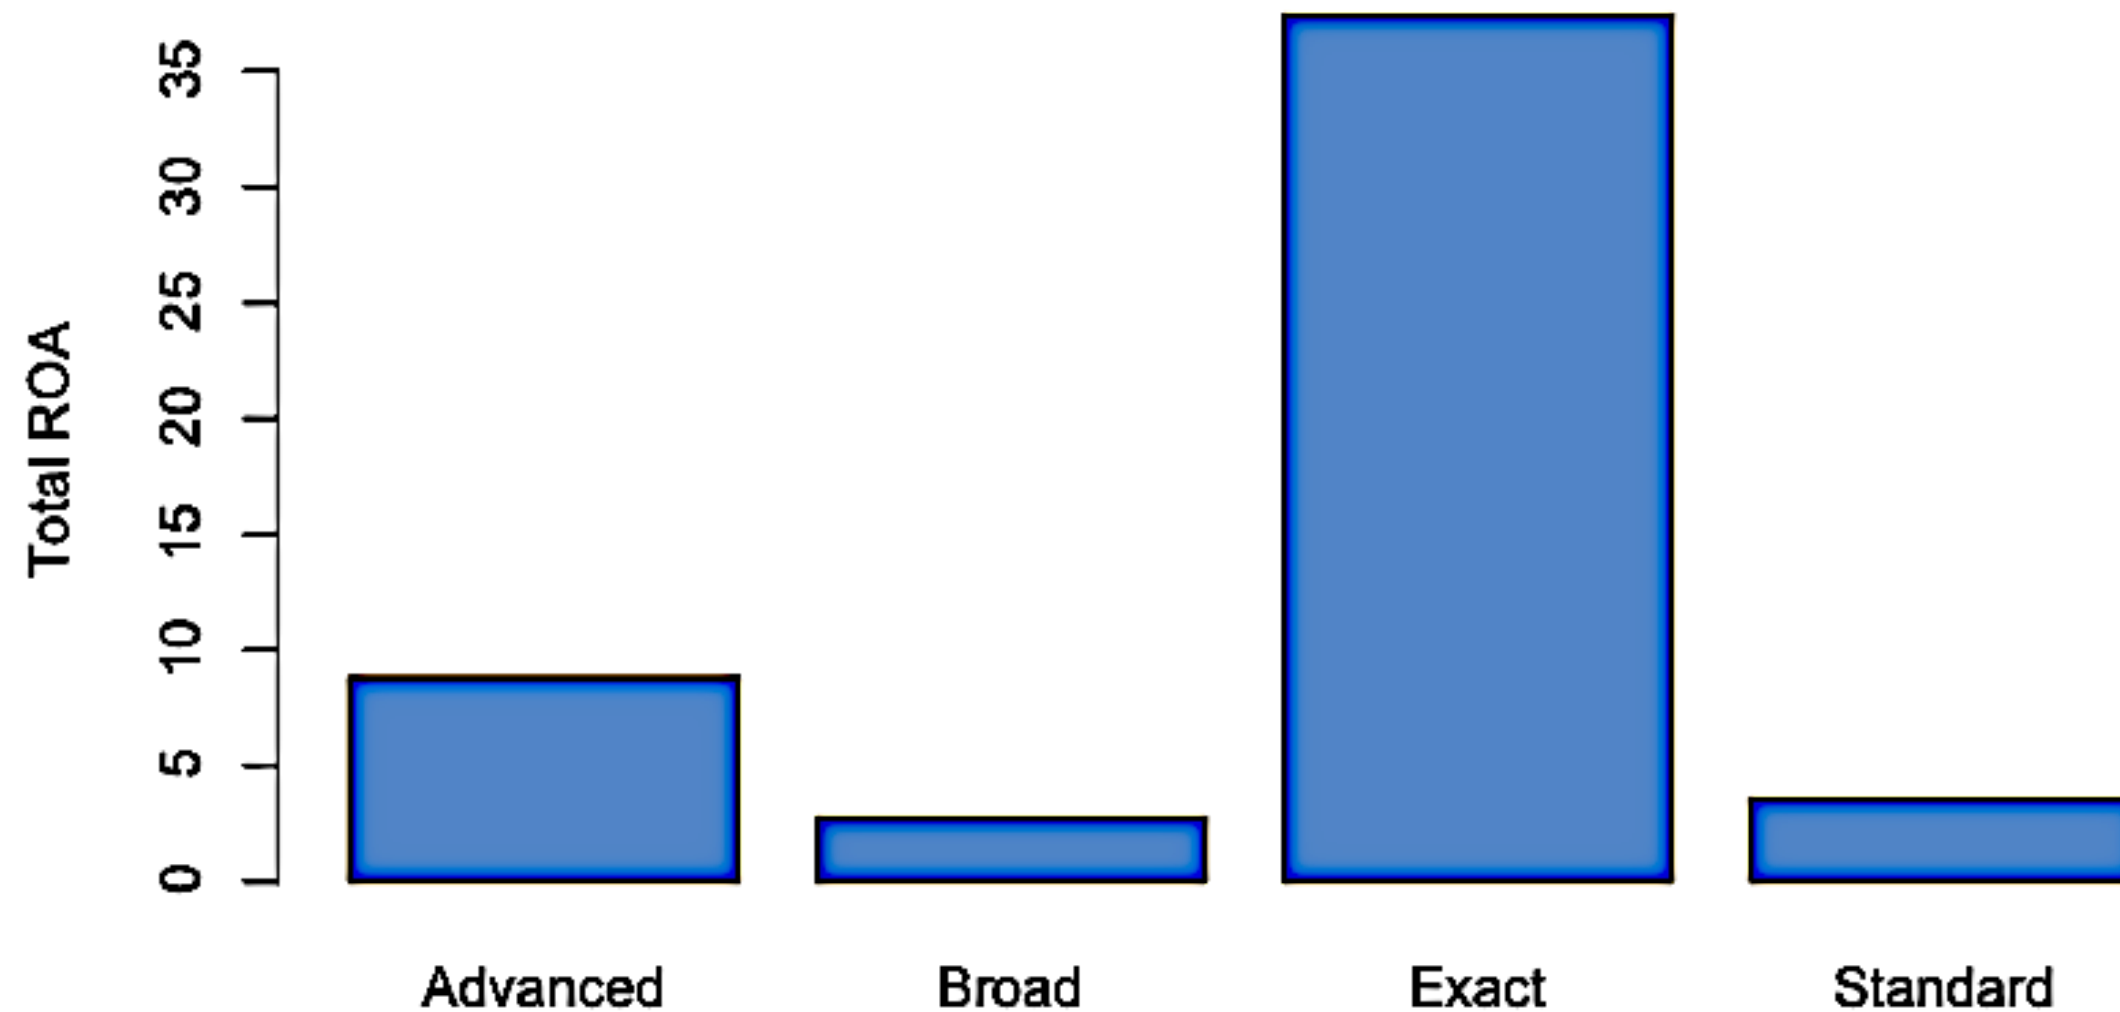

Match Type

```
> roa_mtchtypes_total
```

```
[1] 8527.3484 7170.5598 824.2964 3175.6501
```

Keyword Analysis:

Average ROA upon each Match Type

Match Type

```
> roa_mtchtypes_avg
```

```
[1] 8.800153 2.767487 37.468019 3.608693
```

Findings from Analysis:

- Google best fit for US expansion
- Air France campaigns perform best
- Focused "Exact" keywords yield higher ROA

Recommendation:

- **Publisher Strategy:**
 - Shift budget from Overture US to Kayak and Google US
- **Campaign Strategy:**
 - Maintain success AirFrance campaigns and replicate DC targeted success across other US targeted city campaigns
- **Keyword Strategy:**
 - Move from broad keywords to focused and more exact language

Merci!

Bookings Analysis:

We created a linear regression to understand better the variables that affect bookings, in our analysis, we included only the next statistical sufficient variables:

Search Engine Bid

Number of Clicks

Clicks Charges

Impressions
